

# Actively explorable

**Hebden Bridge is a small market town nestled in the heart of the Yorkshire Pennines ... with a difference.**

From the old stone bridge that gives the town its name, look across a roofscape of old coaching

inns and Victorian chapels, up to the distinctive double-decker houses ascending steep valley sides, and then to the woods and moors beyond. There are cafes, restaurants and pubs galore, little independent shops, art galleries ~ in the evening our historic Picture House and the famous Trades Club music venue ~ wavy steps onto the Hebden Water where you can feed the ducks, opportunities for many walks and bike rides, and hundreds of quirky stone steps - where do they lead?

**~ STAGE 4 TOUR DE YORKSHIRE LOCATION 6TH MAY! ~**

# Walkers and cyclists are welcome in Hebden Bridge

In 2018 the Tour de Yorkshire returns to Hebden Bridge for the second time, on 6th May. The first visit in 2015 came the year after the race stage through the town of the Tour De France itself! Hebden became the first ever 'Walkers are Welcome' town, so muddy boots are accepted here. Many guides for walkers and cyclists are available at the Visitor Centre.

**WALK:** There's a full list of walks at [www.hbwalkersaction.org.uk/self-guided-walks/](http://www.hbwalkersaction.org.uk/self-guided-walks/) and [www.heartofthepennines.org.uk/path-network](http://www.heartofthepennines.org.uk/path-network) The Pennine Way passes above the town, with now a Loop connecting to it. You can walk in the National Trust's Hardcastle Crag; or for something more leisurely catch one of our little buses up to the tops and then walk down.  
[bit.ly/2DtWboj](http://bit.ly/2DtWboj) for pictures of all those quirky stone steps.

**CYCLE:** We're really on the cyclists' map, including National Route 66 and the cycle paths along the valley. And if you fancy a challenge why not up Cragg Vale, England's longest continuous road climb: 5½ miles at an average gradient of 3%; or 'Up the Butress' - just a little bit steeper.

# Eat well, drink well

Hebden Bridge supports more cafes, pubs, and restaurants than many other much larger places - another ingredient for a great day out. And they're independent. No Starbucks, No Costa... just friendly local proprietors serving good coffee, tea, cakes, breakfasts, snack lunches and more. There are cafes in old mills, by the canal, in the park, along the river, everywhere. Many restaurants too, all reasonably priced but serving quality, often local ingredients: Italian, Thai, Greek, Turkish, Vegetarian, Indian, Fish and Chips, English. And no fewer than 14 pubs/micro-pubs, with a vast selection of real ales from independent brewers.

# Shop 'independently'

In 2016 Hebden Bridge won a 'Great British High Street' award. Why? Because in place of the usual chain stores that dominate most towns the vast majority of shops in the town are independent local outlets often selling local produce and art works. There are bookshops, record shops, comic shops, jewellery shops, antique shops, outdoor clothes shops, kitchen shops, lots of dress shops, many high quality charity shops, unusual gift shops, not to mention decent butchers, bakers, greengrocers and wholefood stores. Buy local bread, local meat, local cheese, local veg.

# Enjoy the arts and crafts

You'll find art and creativity all around Hebden Bridge, especially at ArtsMill [www.artsmill.org](http://www.artsmill.org) Northlight [www.northlightstudio.co.uk](http://www.northlightstudio.co.uk) and Snug [www.snug-gallery.com](http://www.snug-gallery.com) There are always exhibitions in the Town Hall, and the Visitor Centre. Hebble End Works on the canal has around 10 artisan crafts shops [bit.ly/2FYeVFj](http://bit.ly/2FYeVFj)
